

INTENSE EMOTIONS

With elegance, strength and perfect balance, the styling suggests a vehicle sculpted from a single block. At the front, the 508 defines the new stylistic codes of Peugeot. The grille is "floating", giving the impression of being detached from the bodywork. Combining chrome and satin surfaces, the feline headlamps have been designed with particular care with the signature circular LED day time running lights. At the rear, three red tubes resembling claws in the tail lights shelter three rows of LEDs. The lines of the vehicle's sides are intentionally refined and set off by the satin chrome surround of the glazed surfaces.

DIMENSIONS

SPECIFICATIONS

ENGINE	Engine Type	Twin Scroll Turbo High Pressure (THP) with Direct Petrol Injection, 4 In-line cylinders, DOHC 16 Valve, VVT (Variable Valve Timing)	SUSPENSION	Suspension System (Front)	Macpherson type struts with helical springs and dampers and anti roll bar
	Fuel Supply System	Electronic multi point fuel injection system		Suspension System (Rear)	Multi-arm with helical springs and multi-valve dampers
